

Lathbury Manor

A Valuecare Home

Welcome to

Lathbury Manor

We provide long-term residential, respite and day care for older people with a wide range of needs for care and support with their daily lives.

About Lathbury Manor

Lathbury Manor is a 27-bedroom (25 single and 2 double occupancy) residential care home that provides long-term residential care, respite care and day care for older people with a wide range of needs for care and support with their daily lives.

All of our residents have bespoke rooms, each with their own character and adapted to meet each resident's needs. The home has beautiful secure gardens, and a separate activity centre/tearoom in the gardens. This is used by residents and their families when visiting, and for parties to celebrate special events such as birthdays.

The home is staffed by a team of well qualified and experienced care staff. Our care staff assist our residents with washing and dressing, eating, and drinking, mobilising, socialising, and meeting all their daily living requirements.

Life at Lathbury Manor

Here at Lathbury our residents' happiness is our priority. We pride ourselves in the person-centred care we deliver, as we make sure our residents see Lathbury as their home. We strive to make it as homely as possible, and a safe, sociable, and comfortable place to live. We put a strong emphasis on social activity, and staying connected with our residents' families and the community.

We encourage open visiting, family meals and parties, and visits to and from the local community. We have a full programme of social activities in and outside the home, supported by a dedicated activity coordinator to make sure all this happens to the satisfaction of our residents.

As a smaller home we can generate a real sense of community and encourage our families to give us regular feedback through family meetings, surveys, an open office, and direct contact with the owners through phone and email. Anyone who stays with us sees Lathbury Manor as their home.

Special memories

We strive to make every day at Lathbury Manor special, whether it is a visit from one of our regular entertainers, one of our seasonal parties or our regular programme of daily activities. Our carers, family members, visiting professionals and volunteers work together to ensure our residents continue to lead a meaningful and fulfilling life.

Excellent care

Our dedicated team of staff are all trained as a minimum to diploma in care level 2 and additionally in working with people with dementia. Every day we have a carer on duty dedicated to running a full programme of recreational and occupational activities. We are visited on a regular basis by the full range of healthcare professionals, to help us meet each individual's healthcare needs.

Residential care

Our care staff assist our residents with washing and dressing, eating and drinking, mobilising, socialising, and meeting all their daily living requirements. The home looks after residents with:

- Dementia
- Strokes
- Parkinson's disease
- Multiple Sclerosis
- Older adults with learning disabilities
- Older adults with acquired brain injuries
- General frailty associated with old age, often with a significant risk of falls and injury.

Day care

Lathbury Manor can provide day care to residents who need the support of our staff during the day but are able to be looked after at home by their family or home carers at night.

Respite care

Lathbury Manor can offer respite care when bed availability allows. Our minimum respite care period is one week.

Review from Debbie H (daughter of resident)

"A home from home is how I would describe Lathbury Manor. Dad was in the care home for almost four years until his recent passing. It is not just that the care he received was excellent, it was the fact that each member of staff treated him as though he was a member of their family. Dad loved it there."

Review from Ray (son of resident)

"My sister and I have been visiting our mother at Lathbury for some time and have got to say we just cannot fault the place. They have the most patient and caring staff, nothing is too much trouble. The management are always on hand to listen to any concerns you might have and resolve them. The residents are never bored and there is always something going on. Well done Lathbury!"

Review from Nigel P (son of resident)

"My mother was a resident at Lathbury Manor for more than three years. She was suffering with deteriorating Alzheimer's. She was in two homes prior to Lathbury Manor, but we were not happy with either. My mum was agitated in both and could not settle. However, as soon as she moved into this home she started to settle and smile again. I can honestly say if I am ever in need of a care home, I would be happy to go here. They have created a really lovely, caring and relaxed environment."

Review from Pat H (friend of resident)

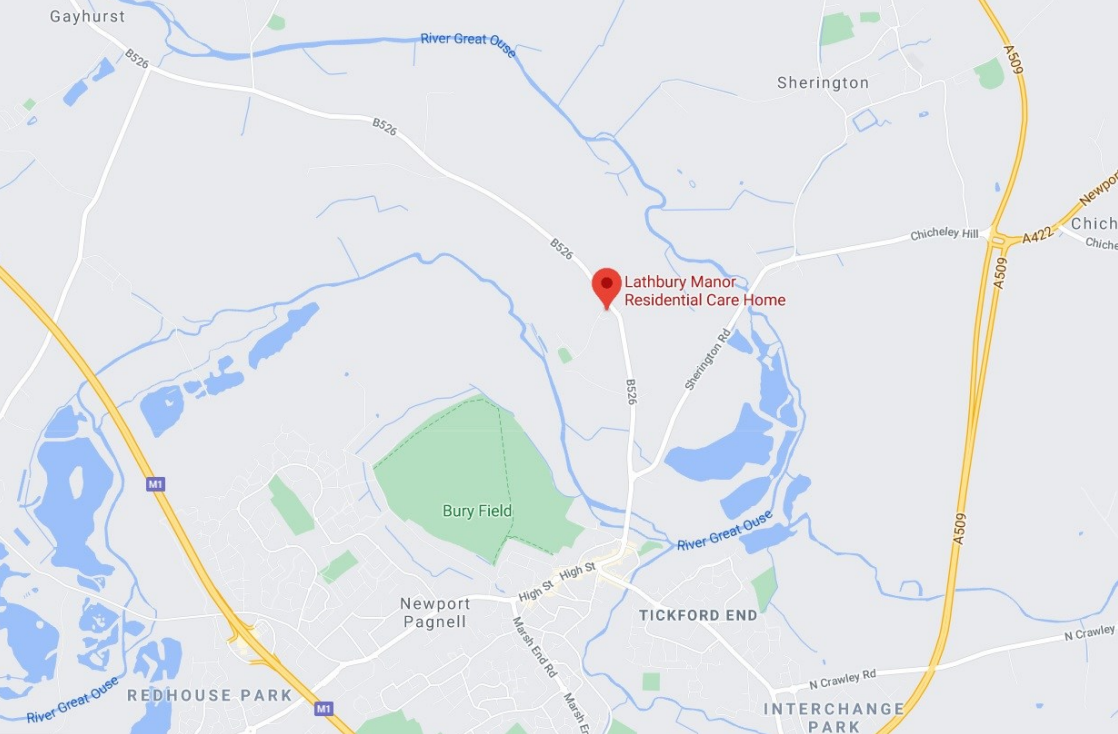

"What a difference in our friend, he has settled in very well. All the staff are so very kind to him, his wife visits regularly, and so does his son and many friends. You are always made welcome, and hospitality is always there. Every event they put on is a pleasure to attend."

Review from Inkie B (daughter of resident)

"The day we found Lathbury Manor was the luckiest day for my mother and all my family. The staff are the kindest, caring and hardworking team you could ever wish for. No matter what time of day I would visit my mum, I would find her so well cared for - it really is like a true family home. Every day is filled with joy and love and that is extended to the relatives too!"

Review from Jane H (daughter of resident)

"It's the staff who make a care home what it is and Lathbury has the kindest, most dedicated staff you can imagine. There is a home from home feeling, with no airs and graces, just genuine concern, care and affection for all the residents. All the staff know the residents (and their families) really well. The food is great, the grounds are lovely, and there are lots of well-chosen activities."

Why not pay us a visit

If you would like to meet us in person to find out about life at Lathbury Manor, we would be happy to show you around and answer any questions that you may have.

We understand that making a choice on residential care for yourself or a loved one can be an emotional time. Our experienced team are more than happy to talk through any concerns you may have and support you through the process.
